Ordinance
Section 9: Section 31-137 (a)
A deposit of sixty dollars ($60.00) shall be paid to the City Collector with each application from a person who does not have an open account or experience in an account with the city before city water may be turned on to a residential unit: however, if the application for water service is the owner of the property, no such deposit is required. Deposits for business, commercial and industrial units shall be one and one-half (1 ½) times the monthly water and sewer bill, with a minimum of sixty dollars($60.00). This deposit will be billed to your account with your first billing. When you move from this property, the deposit will be applied to your final billing. If there is a credit on your final billing, the credit amount will be refunded to you.
